Do you want to be a part of an exciting, multicultural and fun environment, within a truly global organization, and at the same time contribute for the world to become a better place?

*The Communication & Multimedia internship can provide you with the opportunity to do so! **Join our efforts in implementing the [Sustainable Development Goals](#)***

Who are we and what can you gain?

The United Nations Development Programme (UNDP) Office of Information Management and Technology (OIMT) in Copenhagen is responsible for supporting UNDP Country Offices around the world with ICT and Green Energy solutions. Our vision is to develop smart UN facilities which are: *Optimal and efficient, Efficient in management and Sustainable*, implemented to build **modern age UNDP facilities** around the globe that are fully aligned with Sustainable Development Goals (SDGs). Our Unit offers a stimulating and versatile internship in an international environment with contact to various partners from some 166 countries with UNDP presence. We are a team who work in a dynamic and informal atmosphere, and we expect our interns to become vital members of the team.

As an intern, you will be given tasks and opportunities that have a direct global impact on the development efforts of the international community. The UNDP/OIMT Communication and Multimedia Internship programme enhances the academic life experience of passionate students as interns and empowers them to become socially responsible, innovative, and environmentally conscious leaders of tomorrow. We bridge the gap between textbook learning and real-time industry experience by taking interns behind the scenes of the world's leading clean energy and sustainability initiatives, while learning to take into consideration the local context. Being a part of our dynamic unit, you will also gain worldwide connections with other top-talented interns and UN staff from other agencies; our office is located at the [UN City in Copenhagen](#), giving you the opportunity to interact with people outside the UNDP OIMT unit.
